

Quick coupling sockets

With safety locking device and male thread, type B

Materials:

Stainless steel type:

Body: stainless steel (1.4408), seal: NBR, handle: stainless steel, ring / safety pin / chain, if needed: stainless steel

Male thread

R 1" to R 6"

Orifice (DN)

25 (1/2") to 140 (6")

Diameter - (D) 24.3

36.7 mm & 175.9 mm

Work pressure (PN)

7 bar to 16 bar

Advantages:

- Full throughway
- Little pressure loss
- Also suitable for solid materials, since there are no internal valves
- Dimensions worldwide standard according to MIL-C-27487
