

# Dust system valve

## Electrically operated

Dust system valves for automatic cleaning from filter systems

Valves types:

G 3/4" 9000 N L/min

G 1" 11000 N L/min

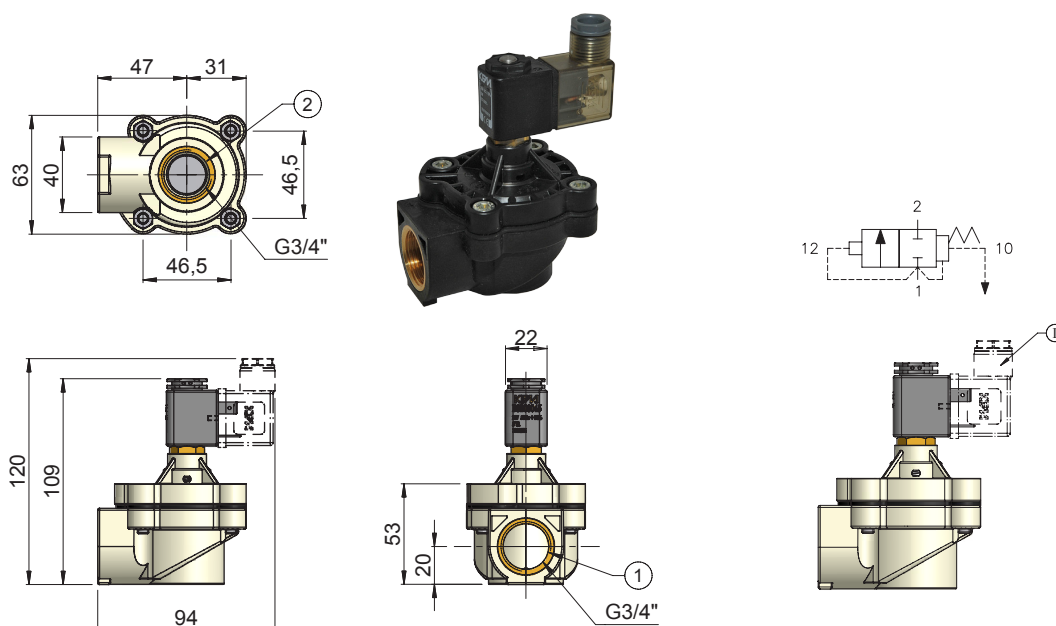

G 1 1/2" 15.000 N L/min

Switch time 25 ms

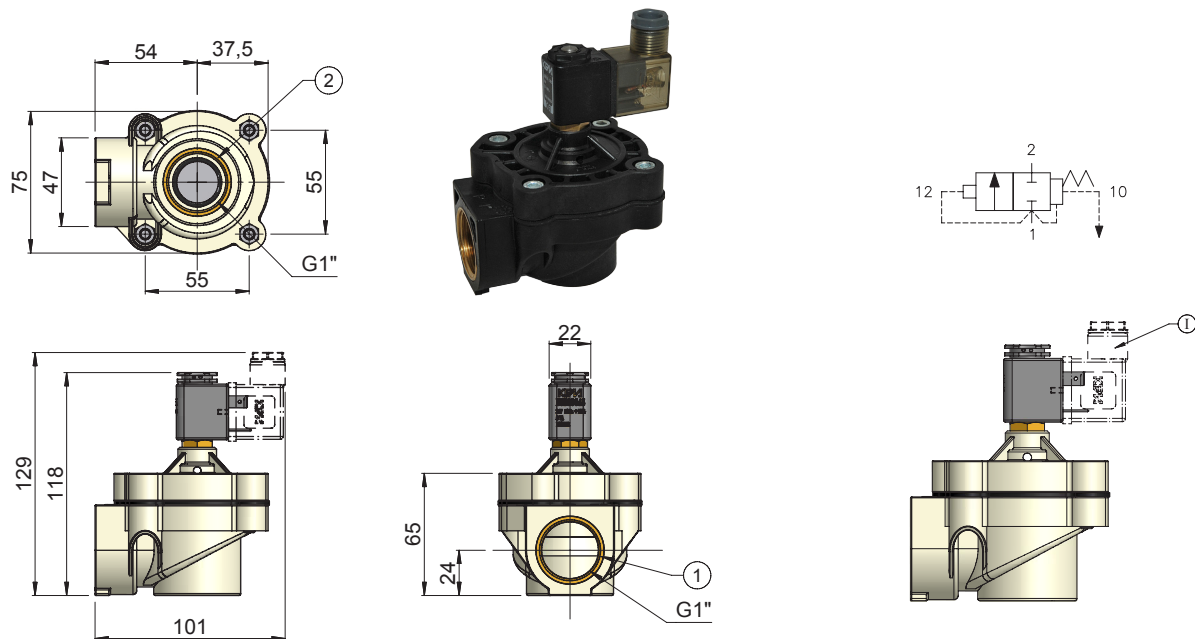

Electrically operated

| Article code        | Thread   | Flow         | Version  | Weight | Voltage |
|---------------------|----------|--------------|----------|--------|---------|
| <b>DV34EB24VDC</b>  | G 3/4"   | 9000 l/min.  | Electric | 414 g  | 24V DC  |
| <b>DV34EB230V</b>   | G 3/4"   | 9000 l/min.  | Electric | 414 g  | 230V    |
| <b>DV10EB24VDC</b>  | G 1"     | 11000 l/min. | Electric | 520 g  | 24V DC  |
| <b>DV10EB230V</b>   | G 1"     | 11000 l/min. | Electric | 520 g  | 230V    |
| <b>DV112EB24VDC</b> | G 1 1/2" | 15000 l/min. | Electric | 1025 g | 24V DC  |
| <b>DV112EB230V</b>  | G 1 1/2" | 15000 l/min. | Electric | 1025 g | 230V    |
